Advertising . ... Isle of Man Panel Suppliers SunPower Corporation, JA Solar Technology Co., Ltd. Inverter Suppliers SolarEdge Technologies, Ltd ...

A Battery System can make full use of the power generated by your solar panels, ensuring that any unused power is stored on site to be used later when needed. If your electricity is supplied with two rates (a day rate and cheaper night rate), the solar + battery combination ensures that peak rate electricity usage is kept to a minimum.

Cost - Solar PV panels can be quite expensive to buy initially. Space - Solar PV panels do take up quite a lot of roof space compared to solar thermal systems. Wasted energy - These panels produce a good amount of energy, however they have no way of storing excess power. Unless you buy a solar battery, this extra energy will be wasted.

As part of our Sustainable September campaign, we are thrilled to spotlight Manx Solar Electrical Ltd, a business dedicated to helping the Island reduce its carbon footprint through renewable energy solutions on solar panels to heat pumps and battery storage, Manx Solar Electrical is driving innovation in renewable technology.

Manx Solar Electrical are the Isle of Man's exclusive Stiebel Eltron service partners. We are also a Mitsubishi
