Is Solarman a good company?

Service at SOLARMAN is excellent and the equipment is high quality. They have supplied 4 complete solar systems - power back-up systems, swimming pool pump systems - for different projects over the past 2 years or so and I look forward to continuing to work with them. Lovely service. Quick and professional.

Why should you buy a Solarman Solar System?

Sale! Sale! Solarman has one single mission: To make Solar Power more accessible to more people. To maximise your cost savings, and eventually, your profits, from solar power, it's essential that your system makes use of the best quality components and engineering; never compromising on the highest output possible.

The DRE system could be of any type - solar, wind (or, even better, a wind-solar hybrid), or biomass or biofuel-based. Biofuel is a low-hanging fruit. India's agriculture sector generates huge amounts of biomass every year, which can be used directly as biofuel or processed to produce other biofuels such as ethanol, bio-CNG, and biogas.
