

Solar panel supplier in cagayan de oro city Kiribati

Does the Philippines have a solar air conditioner?

The Philippines is a tropical country, therefore jocking up the already-high electricity bill from prolonged use of conventional air conditioning. Edward Marcs comes with a solution--with the Sedna Aire Solar Assisted Air Conditioner, that uses the heat from the sun to substitute certain electrical processes required in air conditioning.

Does solar up Philippines offer a green financing program?

In an effort to make solar energy more accessible to Filipino households, Solar Up Philippines has teamed up with Sterling Bank of Asia to introduce a Green Financing Program. Picking a solar panel installer is a big decision that can impact your savings and experience. Find out how you can choose wisely.

Why should you choose Ecogen solar water heaters in the Philippines?

Heating in the form of Ecogen Solar Water Heaters harness the heat of the sun for conventional use in homes and offices alike, whilst cutting down electrical costs needed for water heating processes. The Philippines is a tropical country, therefore jocking up the already-high electricity bill from prolonged use of conventional air conditioning.
