Why is the South Georgia & South Sandwich Islands marine protected area undergoing a review?

The South Georgia and South Sandwich Islands Marine Protected Area is undergoing its second five-yearly review. Recovery of baleen whales coupled with climate change, means managers must be alert to alternative future ecosystem states. Areas of little economic interest within the MPA remain data poor with little monitoring.

Is South Georgia a marine protected area?

Of course, the South Georgia and the South Sandwich Islands marine protected area is one of the world's largest MPAs. The full protection now covers 283,000 km and is supported by the Government there, with the aim of conserving the rich marine biodiversity while allowing sustainable fisheries.

What is the Hansard record of the item 'South Georgia and the South Sandwich Islands'?

Hansard record of the item : 'South Georgia and the South Sandwich Islands: Marine Protected Area' on Wednesday 22 November 2023.

Who owns South Georgia and the South Sandwich Islands?

The United Kingdom claimed sovereignty over South Georgia in 1775 and the South Sandwich Islands in 1908. The UK Overseas Territory of South Georgia and the South Sandwich Islands (SGSSI) was formed in 1985, whereas previously it had been governed as part of the Falkland Islands Dependencies.

Why should we strengthen the MPA around South Georgia & the South Sandwich Islands?

Strengthening the MPA around South Georgia and the South Sandwich Islands is of absolute importance. We need to stand united in our commitment to protect this remote yet invaluable ecosystem that will safeguard the very lifeblood of our planet. It is an honour to serve under your chairpersonship, Dr Huq.

What is the future of South Georgia & the South Sandwich Islands?

The future management of South Georgia and the South Sandwich Islands For more than two centuries, exploitation of the wildlife of South Georgia and the South Sandwich Islands has provided revenue, albeit interrupted as serial overharvesting has destroyed stocks, in some instances taking species to the verge of extinction (see Introduction).

The South Georgia and South Sandwich Islands MPA was designated in 2012, with additional provisions implemented in 2013, and further enhanced measures announced in 2018 following the first 5-year MPA review.
