Sunnova is turning homes into energy-saving powerhouses from sea to shining sea--and beyond. We work with qualified contractors in the regions we serve to provide local expertise and responsive service.

At the end of the year I get a "true up" bill from my power company either charging me for the power I used over the year or send me a check (or bill credits) for the excess power I sent to the grid. From what I understand is I have a better deal than most in that all the power generated is mine where others just get the power they generate but ...
