The Sunny Boy Storage is the right solution for people who want to make their home independent from conventional electric utility companies and rising electricity costs by using intermediate storage for their solar energy. This gives ...

The Sunny Boy Storage is the best priced battery-inverter on the market that I can find. It comes with a 10 year warranty. It is able to output a maximum of 2.5 kilowatts of AC power, below the maximum output of most battery storage systems. These systems could still be used with the Sunny Boy Storage, but not at their full power.
