At 408 pounds, a 13.6 kWh aPower battery is significantly heavier than comparable models. For example, at 359 pounds, LG's 14.4 kWh HBC battery is over 50 pounds lighter. It's also notable that 13.6 kWh is the only battery size offered in the Franklin Home Power system, so it's tough to build the system to a precise size. LG ESS Home 8

Due to the COVID-19 pandemic, many restaurants are being required to limit their operations to online orders for pickup and delivery only. Our goal is to help as many restaurants offer online ordering as quickly as possible during this time of "social distancing". Therefore, we will temporarily onboard all new customers without integrating into their point of sale.
