

# Top 10 distributed energy storage companies ranking

Which energy storage companies are leading the charge in 2025?

That's exactly where utility-scale energy storage companies come into play. These innovators are building large-scale battery systems and storage infrastructures that enable grid flexibility, stabilize supply, and support decarbonization efforts. Here are ten leading companies leading the charge in energy storage in 2025. 1. Avaada

What are energy storage companies?

It encompasses various companies that offer a range of products and services to meet the increasing demand for energy storage solutions. These companies specialize in providing batteries, chargers, and energy storage systems for numerous applications, including telecommunications, renewable energy, and industrial sectors.

What is distributed energy storage?

The company's distributed energy storage solutions combine massive arrays of industrial-strength lithium-ion batteries with specialized software and control systems to enable flexible energy optimization.

Who are the major energy storage partners?

Major energy storage partners include domestic players like China Energy Group, SPIC, China Huaneng, China Huadian, and CNPC, as well as international firms such as NextEra, Synergy, W&#228;rtsil&#228;, Excelsior, Jupiter Power, and FlexGen. BYD secured second place with 192 GWh in shipments, up 22% YoY, holding a 15% market share.

Are innovative storage technologies the future of energy?

With demand for clean, reliable and efficient energy continuing to climb, companies pioneering innovative storage technologies have a spotlight shone on them to ensure the future and success of the energy landscape.

Why is Panasonic a leading energy storage company?

Thanks to a wide and varied portfolio of solutions, Panasonic has positioned itself as one of the leaders in the energy storage vicinity. Panasonic is one of the industry's top names due to its advances in innovative battery technology alongside strategic partnerships and extensive experience in manufacturing high-quality products.

In the domestic market in 2023, the top ten Chinese companies shipment in terms of energy storage system were: CRRC ZHUZHOU INSTITUTE, HyperStrong, Xinyuan ...

Figure 3: Top 10 Chinese energy storage PCS providers ranked by number of shipments in the 2024 domestic market, Unit: GW In 2024, in the global market, the top ten ...

In 2024, DC-side shipments showed a clear ranking. CATL and BYD remained the top two with a strong lead,
