What are the top solar panel brands in 2024?

February 13, 2024 - Today, SolarReviews released its annual solar panel brand ranking list, and Qcells has been crowned the top solar panel brand for the second year in a row! Details around the ranking list can be found here, but here is a quick snapshot of the top 2024 solar panel brands:

What is the best solar inverter brand of 2024?

IQ8's come with an industry-leading 25-year warranty and have proven to have a very low failure rate, making Enphase the best solar inverter brand of 2024. Also founded in 2006, Israel-based SolarEdge is Enphase's toughest competition for the best solar inverter brand of 2024.

Are solar panels bankable?

This is known as bankability. While only 0.05% of solar panels fail, lost energy production is lost money, so it's worth sticking with solar panel and inverter brands best known for their reliability.

What are the best solar inverters?

Going solar is a long and major investment, so it's only natural to seek out the best equipment to maximize your savings. In the last 12 months, REC, Q Cells, and Panasonic stood out as the best brands for solar panels, while Enphase and SolarEdge were the best brands for inverters.

How do I choose the best solar equipment?

One of the most important parts of choosing solar equipment is having confidence that the manufacturer will be around in 25-30 years to honor their warranties. This is known as bankability.

Does Panasonic still sell solar panels?

It is worth noting that Panasonic shuttered its internal solar panel manufacturing division in 2022 and will continue selling Panasonic-brand panels through a third-party manufacturer. It will continue to honor the warranties on panels for existing customers. According to a press release:

**Best overall: Maxeon 7.** The most efficient residential solar panel right now is the Maxeon 7, which dethroned the older Maxeon and Canadian Solar panels when it launched in February 2024.
