

Top utility scale solar developers Brunei

Is there a solar farm in Brunei?

Many of you might not know this, but we do have our own solar farm right here in Brunei and it's been in operation since 2010. This B\$20 million solar farm is named 'Tenaga Suria Brunei (TSB)' and is located in Seria. With a nominal capacity of 1.2 kWp, the farm covers an area of about 12,000 sq meters with exactly 9,234 pieces of solar panels!

What is BSP's flagship solar PV plant?

BSP's Flagship Solar PV (photovoltaic) Plant is Brunei's second solar plant and was completed in under seven months to install almost seven thousand state-of-the-art solar panels on four hectares of land at G11. The project was achieved by BSP's almost entirely Bruneian team in partnership with international experts.

How efficient is BSP's solar power plant?

The solar panel technology has an efficiency of around 20 per cent while the layout of the plant was designed to capture both the morning and afternoon sun to maximize output. The plant will offset some of the power used by the BSP Head Office by generating electricity equivalent to around 600 households per year.

separately - are companies in this top constructors table. T E X T E N D S Notes for editors: [1] The lists of top EPC and O& M contractors are included on the following pages.
