o TriStar Meter-2 (TS-M-2) -- Included with the TriStar-60M, this 2 x 16 character LCD display mounts to controller and provides system and controller information, data logging (90 days internally logged), bar graphs, and choice of five languages. The TriStar 60 amp version is available with optional factory installed meter, TS-MPPT-60M

The TriStar MPPT(TM) solar controller with TrakStar(TM) Technology is an advanced maximum power point tracking (MPPT) battery charger for off-grid photovoltaic (PV) systems up to 3kW. ...

Morningstar Tristar 45A MPPT Solar Charge Controller (TS-MPPT-45) - Solar Panel Regulator for 12/24/36/48V LA/Li Batteries, 99% Efficiency, FCC Compliant, Data/Comms, 5 Yr. WTY, Designed in USA . Visit the Morningstar Corporation Store. 4.3 4.3 out of 5 stars 289 ratings.

Morningstar TriStar MPPT charge controllers use TrakStar technology for efficient and reliable solar battery charging. They can provide up to 60 amps on an up to 150 volt open circuit input. The TriStar MPPT solar charge controller with TrakStar technology is an advanced maximum power point tracking (MPPT) solar battery charger for off-grid solar systems up to 3kW.

Each of the eight installations include a TriStar-60 and three TriStar TS MPPT-60 solar controllers, two Relay Drivers, one Remote Meter and one MeterHub. Enclosed in a shelter along with batteries and solar modules, this system brings communication to places the electric grid is ... Location: Guinea Bissau, West Africa Product: TriStar MPPT-60 ...
