

# U S Outlying Islands givenergy battery price

Does givenergy sell a half-price inverter?

With every purchase of a low-voltage GivEnergy battery, we'll sell the inverter at half price. Your half-price inverter will come when you buy it with one of our low-voltage residential batteries. So, that gives you a choice over a great selection of differently sized products to suit your home.

How long does givenergy battery warranty last?

GivEnergy's market-leading battery warranty lasts 12 years with unlimited throughput. Note: All Generation 3 battery cables need to be purchased separately. The third generation of the GivEnergy 5.12kWh battery is more efficient than ever before while also reducing its size & weight.

Does givenergy offer a discount?

As such, the installer should pass on the discount to their customer. GivEnergy reserves the right to amend these terms at any time. Cut your energy bills this winter with our half-price inverter offer. Buy a selected battery, and get a 50% discount on its inverter.

Who is givenergy?

GivEnergy is a British-owned battery storage manufacturer with the ethos: use less, save more. Aiming to help the environment by leaving behind a clean legacy, GivEnergy create products that are designed to save money on electricity bills while optimising efficiency. Something not quite right?

GivEnergy's market-leading battery warranty lasts 10 years, or 10MWh of throughput per 1kWh of stored capacity, whichever comes first. Features Using the latest LiFePO4 prismatic cell ...

Price Match Our Price Match commitment is simple, if you find a cheaper price, we'll match it. For full details of who and what we match please see our terms and conditions. All you have to do is complete the form, giving us the details of the offer. Our team will then confirm it within the next 24 hours, if not sooner.

GivEnergy's market-leading battery warranty lasts 10 years with unlimited throughput. Note: each battery comes with a power cable set that can be used for battery to battery or battery to inverter connection. Features: Capacity: 8.2KWh; Depth of Discharge: 100%; Voltage: 51.2VDC; Current 161Ah; Weight 74kg; Dimensions 480 x 620 x 220 mm

GivEnergy Li-Ion Battery - available in 2.6kWh 5.2kWh & 9.5kWh. The battery pack sits alongside the Givenergy AC Coupled or Hybrid Inverters so that you can store energy from the grid or ...

This refers to the amount of the total battery capacity which can be safely used. Take a 10-kilowatt-hour (kWh) battery with an 80% depth of discharge. This means only 8kWh can be safely discharged from the

## U S Outlying Islands givenergy battery price

battery. Effectively giving the battery a capacity of 8kWh. All GivEnergy batteries have a minimum depth of discharge of 80%.

The third generation of the GivEnergy 5.12kWh battery is more efficient than ever before. As well as its new smaller size and lower weight, the Giv-Bat 5.12 comes with higher capacity plus 100% depth of discharge. The product also boasts maximum versatility. Its compact design means it can be wall mounted, floor stood, and installed in a variety of locations.

On the other hand, I am reading good things about the GivEnergy and its integration with Octopus without all of the hassle. It appears the GE are trying to work with the UK markets wants and needs rather than trying to define them. When comparing the specs the GivEnergy seems to be comparable on most points and exceeds the PW2 spec on others.

By chance, I called GivEnergy today about this exact question. I would also like to self install a battery from them. They said, currently if you self install you would only get a one year warranty and not the 12 year one! However you could attend their free 2 hour install course at Newcastle-under-Lyme and that would be fine.

Received a quote for a solar install, all good apart from Battery price being £4800 for the gen2 9.5kWh givEnergy battery which seems a bit high as I've found them online for £3576. Included in the system quote is the GivEnergy hybrid inverter, again gen 2.

Our stackable battery is designed to work alongside the GivEnergy 3-Phase Hybrid Inverter. High voltage BMS allows for greater charge and discharge power running at a lower current, providing higher efficiency than our lesser voltage range. Datasheet: Givenergy HV Battery Datasheet

The GivEnergy 9.5kWh LifePO4 Li-Ion Home Battery is a powerful and highly versatile rechargeable battery storage solution for medium to large properties, keeping your home running on cleaner, cheaper, adaptable battery power.

The third generation of the GivEnergy Hybrid inverter is a DC-coupled storage solutions which allows you to seamlessly integrate battery storage into PV systems. Suitable for charging from ...

GivEnergy All In One - 13.5 kW and Gateway Complete with a substantial 13.5kWh useable battery pack that stores excess generation. Featuring a modular design with 4 removable battery packs, allowing for ease of handling and installation. Grid Services Ready Whole House Backup Flexible Rate Tarif Modular Design Datasheet

GivEnergy All In One - 13.5 kW and Gateway Primarily working as an on grid system, the All in One can deliver 7.2kW of peak power into the home on top of any solar generation. Complete with a substantial 13.5kWh useable battery pack that stores excess generation. Featuring a modular design with 4 removable
